

WOOD CLEANER & BRIGHTENER

PRODUCT INFORMATION

KILZ® Wood Cleaner & Brightener is specifically formulated to clean, brighten and condition exterior wood surfaces prior to applying natural finishes, paints or stains. It's tough enough for stains caused by mold, mildew, ketchup and wine, but gentle enough that it won't damage your wood surface.

RECOMMENDED USES:

This product is ideal for use on products such as:

- Exterior Wood & Composites
- Siding
- Shakes
- Shingles
- Fences
- Patio Furniture

PRODUCT SPECIFICATIONS

Tint Bases/Max Tint Load:

No. L0506 128 oz

Active Type: Oxalic Acid

Weight per Gallon: 8.5 lbs

% Solids by Weight: 7%

VOC: <1 wt %

Flash Point: N/A

Viscosity: N/A

Coverage: One gallon of full strength will cover 200 Sq. Ft. / Gal. and diluted solution will clean and degrease up to 400 Sq. Ft. / Gal. Coverage will depend on method of application, texture and surface porosity.

APPLICATION

Brush: Nylon/polyester

Roller:

Smooth Surface: 3/8"-1/2" nap

Rough Surface: 1/2"-3/4" nap

Pump Sprayer: At packaged consistency

Hold lid and shake well before use. Conduct a small test patch in an inconspicuous area to ensure product performance. Be sure that the plastic mixing container is large enough to hold up to 2 gallons of diluted solution. **DO NOT MIX IN METAL CONTAINER.** Dilute 1 part of product with 1 part tap water (1:1 dilution) in a clean plastic container. To remove rust, tannin bleed, red clay stains and for extremely hard to clean weathered wood surfaces, use product at full strength. Wet surfaces with water prior to cleaning. Apply solution liberally with a pump sprayer, brush, mop or roller. Keep the surface completely wet with solution for 10-15 minutes. Scrub surface using a stiff bristle broom or brush. The solution will foam. After scrubbing, rinse thoroughly with water at normal pressure, or use a pressure washer at low setting (500-1200 PSI).

DO NOT USE HIGH PRESSURE as this may harm the wood. Surfaces other than wood may be dulled if not rinsed off quickly. Let surface dry then lightly sand any loose wood fibers with medium grit sandpaper. Sweep away dust before coating.

SURFACE PREPARATION

Be sure to have a source for water, hose with nozzle and stiff bristle broom or brush. Wear protective clothing, goggles, acid resistant gloves. Always use a product such as KILZ Wood Cleaner & Brightener after application of a product such as KILZ Wood Stain & Finish Stripper. Prevent all rinse solution from entering storm drains.

WARNING! If you scrape, sand or remove old paint, you may release lead dust. **LEAD IS TOXIC.** Contact the National Lead Information Center at 1-800-424-LEAD or log on to www.epa.gov/lead.

CLEAN UP

Clean all tools and equipment with clean water. For proper disposal of empty containers and unused product, contact your household refuse collection service.

CAUTIONS/LIMITATIONS

- Protect from freezing.
- For best results, apply at temperatures between 40°F - 90°F. Temperatures above 90°F may affect the application such as drying too fast. Avoid painting in direct sun. NOTE: If the surface is hot to the touch it should be considered too hot to apply this coating.
- Avoid heavy traffic for 24 hours.
- CAUTION: Surfaces may become slippery when wet. Use caution when walking on surface when moisture is present.
- Allow two weeks before washing or cleaning for full cure.
- Shelf life under normal conditions is two years unopened.

CARB	YES		

GENERAL INFORMATION:

Danger! Causes severe skin burns and serious eye damage. May be corrosive to metals. Wear protective clothing, gloves, eye, and face protection. Do not breathe vapors or spray mist. Do not eat, drink, or smoke when using this product. Wash hands thoroughly after handling. Wash contaminated clothing before use. Keep only in original, corrosive resistant container and store in a locked location. Dispose of unused contents, container and other contaminated waste in accordance with local, state, federal and provincial regulations.

First aid: If in eyes: Rinse cautiously with water for several minutes. Remove contacts if present and easy to do. Continue rinsing and get medical attention immediately. **If on skin or hair:** Immediately remove all contaminated clothing, rinse skin with water and get medical attention. **If inhaled:** Leave the area if you experience difficulty breathing, headaches, or dizziness to obtain fresh air and keep at rest in a position comfortable for breathing. If difficulty continues, get medical attention immediately. **If swallowed:** Rinse mouth. Do not induce vomiting. Get medical attention immediately.
